

MOHAMMED FIZAL SAHUBAR SADHIK ALI

Senior UX / UI Designer

mohammedfizalart@gmail.com · +61 417 258 464 · Melbourne, AU

PROFILE

UX/UI Designer with 10+ years of experience leading end-to-end design across banking, healthcare, travel and utilities. Skilled in design thinking, research, information architecture, prototyping and design systems, with a track record of partnering with BAs, developers and stakeholders to ship consistent, on-brand digital products across web and mobile.

CORE SKILLS

UX Methods: Design Thinking, Rapid Sketching and Prototyping, Interaction Design, Design Strategy, Usability Testing, Information Architecture, Persona Building, User Journey Mapping, Data Analysis

Tools: Figma, Adobe XD, Photoshop, Illustrator, Sketch, InVision, Axure, UXPin, Zeplin

Ways of Working: Agile, Waterfall, cross-functional collaboration with BAs, developers and QA

PROFESSIONAL EXPERIENCE

Tata Consultancy Services Limited — 10.6 years, reverse-chronological

Senior UX/UI Designer — AGL, Connectnow (Australia) Jun 2024 – Present

- Led end-to-end UX/UI design for a multi-brand digital aggregation platform covering Electricity, Gas and Internet products across multiple providers.
- Designed complex customer journeys and conversion funnels, transforming business and technical requirements into intuitive, scalable digital experiences.
- Established and managed a multi-brand Figma Design System, including design tokens, variables, typography and reusable components across 4 brands and responsive Mobile, Tablet and Desktop breakpoints.
- Delivered white-label experiences while maintaining consistency across brand identities, shared UX patterns and underlying product architecture.
- Partnered with product, business, engineering, legal and QA stakeholders to drive design decisions from discovery through implementation.
- Conducted pixel-perfect design QA and implementation validation, resolving UI inconsistencies and ensuring high-quality production outcomes.
- Produced prototypes, UX specifications, brand guidelines and supporting customer communication templates to enable consistent end-to-end delivery.

UX/UI Designer — Colonial First State (Australia) Sep 2023 – May 2024

- Delivered UX/UI solutions as part of the CFS digital transformation and rebranding program, supporting customer-focused digital experiences.
- Translated complex business requirements into user flows, information architecture, wireframes, high-fidelity interfaces and interactive prototypes.
- Designed responsive experiences across desktop, tablet and mobile while adhering to enterprise brand and UX standards.
- Collaborated with product owners, business stakeholders, developers and cross-functional teams throughout the design lifecycle.
- Facilitated design workshops and stakeholder reviews to identify requirements, validate concepts and drive alignment.
- Conducted UI/UX quality assurance and design validation to ensure production implementations met approved designs and usability expectations.
- Created detailed design documentation and developer handover specifications to support efficient and consistent implementation.

Senior UX/UI Designer — Stolt-Nielsen S.A. Nov 2022 – Sep 2023

- Designed a responsive customer portal for tracking terminal stock, spanning web and mobile.
- Built and managed the design system; led the visual and UX revamp of a legacy application.
- Produced wireframes and visual designs as senior designer on the account, coordinating with developers and QA on delivery.

UX/UI Designer — Woolworths, WOWTrace Jun 2022 – Oct 2022

- Led UX/UI design, gathering client requirements and running technical and design workshops.
- Created branding guidelines, user journeys and wireframes; collaborated with developers and QA on asset and style guide delivery.

UX/UI Designer — JAL Airlines Aug 2020 – Jun 2022

- Consulted with clients to define goals and presented user research findings to internal and external stakeholders.
- Developed personas, usage scenarios, wireframes, storyboards, sitemaps and prototypes; ran usability testing.
- Analysed user feedback to iterate on the experience and supported content development.
- *Delivered every project on time with no escalations — received a spot award.*

UX/UI Designer — City Union Bank Jul 2018 – Jul 2020

- Translated product specs and user psychology into personas, wireframes and prototypes.
- Ran concept and usability testing, defined interaction models and worked with UI designers on implementation.
- *Delivered the project on time and received appreciation for quick turnaround.*

UX/UI Designer — Axa Mar 2018 – Apr 2018

- Modelled workflows and planned tasks for UX design delivery; built user personas with cross-functional partners.
- Created a value-driven UX framework and documented the design process end to end.

UX/UI Designer — Delta Airlines Feb 2018

- Ran concept and usability testing and built personas to define the interaction model.
- Developed wireframes and prototypes, supporting the development team through to pilot testing.

UX/UI Designer — Healthcare Innovation Team (Internal) Apr 2016 – Jan 2018

- Translated concepts into user flows, wireframes, mockups and prototypes for digital healthcare products.
- Researched, sketched and user-tested experiences across a wide range of devices and interfaces.

EDUCATION

Bachelor of Fine Arts, Painting — Government College of Fine Arts May 2015
